We repurposed this drawer from our house remodel to be a multifunctional display self/chalkboard. It is hand painted using several techniques including chippy paint, crackle and dry brush. Colors are white with undertones of deep blues and greens and a bright turquoise interior. The hardware and mini bun feet have a "new" rusty patina. One side is a shelf with oak leaf detail to display treasures. The other side is a usable chalkboard! Purchase this and other upcycled, repurposed, fun home decor at Stockton Hardware and Home
